Dear Mr Chapple

Thank you for your Question without Notice on 7 August 2012 in regards to the Environmental Protection Authority and the proposed Browse Liquefied Natural Gas (LNG) precinct at James Price Point.

Two of your questions (5 and 6) were not addressed at the time:

(5) Have Dr Chris Whittaker or Mr Denis Glennon previously declared interests in any other EPA assessments?

(6) If yes to 5. Will the Minister table those tendered, minuted or recorded declarations?

I made an undertaking to write to you directly on this matter. My response to these questions is set out below.

(5) Yes

(6) The attached document provides a list of Environmental Protection Authority assessments where either Dr Chris Whittaker or Mr Denis Glennon declared an interest. These details cover the period July 2002 until 16 August 2012.

I trust this information answers your questions.

Yours sincerely

**HON BILL MARMION MLA
